- ▶ Private tests in English can also be submitted (hello TOEFL and EIKEN!)

NEW 「大学入学共通テスト」 New Common Test for University Admission

「共通テスト」の英語

- 2023年度までは「共通テスト」の英語試験として「読む」「聞く」の2技能の問題を作成し、各大学が「共通テスト」と認定試験のいずれか、または双方を選択利用する
- 「共通テスト」で用いられる認定試験には、大学入試センターが入学資格に必要な水準や要件を満たしているとして認定した、4技能の力を問う試験が採用される
- 認定試験は、高校3年生の4月～12月までの間に2回受験することができ、成績が高い方の結果を活用することが可能
- 2024年度以降は「共通テスト」の2技能の英語問題は作成せず、認定試験に1本化する

Motivating and Evaluating Students

- ▶ Students who want to attend university may be required to have Eiken certification
- ▶ Eiken practice is a good way to show students how their English skills are improving
- ▶ Some ways to determine what level of Eiken is appropriate:
 - ▶ Short practice test
 - ▶ Teacher assessment based on class content
 - ▶ EIKEN IBA

Daily or Whole Lesson Prep

- ▶ Teachers who wish to incorporate short, regular Eiken practice into their lessons can use practice questions as warm-up
- ▶ If the school schedule and time permit, whole lessons answering sample questions or doing mock interviews as a class are great

First and Second* Exams

- ▶ JTEs are more equipped to help students with the first test (the written test with grammar and vocabulary)
- ▶ Students should also drill vocabulary on their own time
- ▶ ALTs can be excellent mock judges for the second test (interview test)

Understanding the Eiken Formula

- ▶ The interview test has a set pattern for each grade level
- ▶ When preparing students to take the interview test, show them the pattern and how to answer it appropriately
- ▶ Show students common mistakes and how to correct them
- ▶ No individual section pass requirement

KEEP CALM AND DO THE PRACTICE TEST

Preparing in Large Groups

Test prep is usually done in a single class, but it is also possible to prepare in large groups

- ▶ Students should work in pairs or teams of three
- ▶ Practice answering questions, following up with extra information

Let's Try!

- ▶ Find a partner and choose who will go first.
- ▶ The person taking the interview can choose the level of test they want to practice and have their partner administer the test.
- ▶ When the interview is over, the interviewer should provide constructive feedback
