

## How to lesson plan

A very simple breakdown of how to lesson plan.

### Create your basic structure

1. Know your objective.
2. Write your overview.
3. Plan your timeline.
4. Know your students.
5. Include multiple interaction patterns.
6. Plan for different learning styles.

### Plan the stages

1. Warming up.
2. Present the information.
3. Do a guided practice.
4. Check and assess progress.
5. Free practice.
6. Question time.
7. Conclude.

### Be prepared

1. Script it out if you're nervous.
2. Be flexible!
3. Over plan.
4. Consider the HRT.
5. Have a backup plan.
